

BS 476 : Part 8 : 1972

Fire Tests

on Building Materials and Structures

**Part 8. Test methods and criteria for the
fire resistance of elements of building
construction**

British Standards Institution

THIS BRITISH STANDARD, having been approved by the Fire Standards Committee, was published under the authority of the Executive Board on 17 August, 1972.

© British Standards Institution, 1972.

BS 476 first published, December, 1932

First revision, July, 1953

Part 8 first published, August, 1972

ISBN: 0 580 07166 9

Copyright

Users of British Standards are reminded that copyright subsists in all BSI publications. No part of this publication may be reproduced in any form without the prior permission in writing of BSI. This does not preclude the free use, in the course of implementing the standard, of necessary details such as symbols and size, type or grade designations. Enquiries should be addressed to the BSI Secretariat.

Contract requirements

Attention is drawn to the fact that this British Standard does not purport to include all the necessary provisions of a contract. In order to keep abreast of progress in the industries concerned, British Standards are subject to periodical review. Suggestions for improvements will be recorded and in due course brought to the notice of the committees charged with the revision of the standards to which they refer.

Revision of British Standards

British Standards are revised, when necessary, by the issue either of amendment slips or of revised editions.

It is important that users of British Standards should ascertain that they are in possession of the latest amendments or editions. Full information on all BSI publications, numbering over 6000, will be found in the *British Standards Yearbook*. This information is supplemented by details published each month in *BSI News* of new publications, revisions and amendments.

BSI News is available to Subscribing Members of the Institution. All other publications may be purchased direct from Sales Department. Enquiries concerning subscribing membership, which has considerable advantages, will be welcomed, and should be made to Subscriptions Department. Both departments are located at:

101 Pentonville Road, London N1 9ND (Tel. 01-837 8801; Telex 23218).

Co-operating Organizations

The Fire Standards Committee, under whose supervision this British Standard was prepared, consists of representatives of the following Government departments and scientific and industrial organizations:

- | | |
|--|---|
| Association of Municipal Corporations | Fire Extinguisher Trades' Association |
| British Constructional Steel Work Association | *Fire Offices Committee |
| *Chief Fire Officers' Association | *Fire Protection Association |
| Confederation of British Industry | *Greater London Council |
| County Councils Association | Greater London Council (London Fire Brigade) |
| *Department of Employment H.M. Factory Inspectorate | *Home Office |
| *Department of the Environment (Housing and Local Government) | Industrial Fire Protection Association of Great Britain |
| Department of the Environment, Joint Fire Research Organization and Fire Offices Committee | Institution of Civil Engineers |
| *Department of the Environment (Public Building and Works) | *Institution of Fire Engineers |
| *Department of Trade and Industry (Marine Division) | *Institution of Municipal Engineers |
| | Ministry of Defence, Procurement Executive |
| | National Council of Building Material Producers |
| | *Royal Institute of British Architects |

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

- | | |
|--|--|
| Asbestos Cement Manufacturers' Association | Engineering Equipment Users' Association |
| Association of British Roofing Felt Manufacturers | Felt Roofing Contractors' Advisory Board |
| Association of Industrialised Building Component Manufacturers Ltd. | Fibre Building Board Development Organisation Ltd |
| Association of Manufacturers of Mineral Fibre Insulation | Gypsum Products Development Association |
| British Constructional Steelwork Association | Leathercloth and Coated Fabrics Manufacturers' Association |
| British Fire Services Association | Mastic Asphalt Council and Employers' Federation |
| British Plastics Federation | Ministry of Defence (Navy) |
| British Rubber Manufacturers' Association Ltd. | National Coal Board |
| British Steel Industry | National Federation of Plumbers and Domestic Heating Engineers |
| Building Board Manufacturers' Association of Great Britain Ltd. | Rubber and Plastics Research Association of Great Britain |
| Chemical Industries Association | Timber Research and Development Association |
| Department of Education and Science | United Kingdom Antimony Oxide Manufacturers' Association |
| Department of the Environment, Building Research Establishment (Princes Risborough Laboratory) | United Kingdom Atomic Energy Authority |
| Department of the Environment, Fire Research Station | Wood Wool Building Slab Manufacturers' Association |
| Electricity Council, the Central Electricity Generating Board and the Area Boards in England and Wales | Individual manufacturers |
