ISBN: 0 580 07578 8

Copyright

Users of British Standards are reminded that copyright subsists in all BSI publications. No part of this publication may be reproduced in any form without the prior permission in writing of BSI. This does not preclude the free use, in the course of implementing the standard, of necessary details such as symbols and size, type or grade designations. Enquiries should be addressed to the BSI Secretariat.

Contract requirements

Attention is drawn to the fact that this British Standard does not purport to include all the necessary provisions of a contract.

Revision of British Standards

In order to keep abreast of progress in the industries concerned, British Standards are subject to periodical review. Suggestions for improvements will be recorded and in due course brought to the notice of the committees charged with the revision of the standards to which they refer.

British Standards are revised, when necessary, by the issue either of amendment slips or of revised editions. **It is important that users of British Standards should ascertain that they are in possession of the latest amendments or editions.** Full information on all BSI publications, numbering over 6000, will be found in the *British Standards Yearbook*. This information is supplemented by details published each month in *BSI News* of new publications, revisions and amendments.

BSI News is available to Subscribing Members of the Institution. All other publications may be purchased direct from Sales Department. Enquiries concerning subscribing membership, which has considerable advantages, will be welcomed, and should be made to Subscriptions Department. Both departments are located at:

101 Pentonville Road, London N1 9ND (Telephone 01-837 8801 ; Telex 23218).

The following BSI references relate to the work on this standard:

Committee reference ELE/3 and ELE/3/32 Draft for comment 72/22989 DC

Co-operating organizations

The Electrical Industry Standards Committee under whose supervision this British Standard was prepared consists of representatives from the following Government departments and scientific and industrial organizations:

- | | |
|--|---|
| Associated Offices Technical Committee | Electrical Contractors' Association of Scotland |
| *Association of Consulting Engineers | Electrical Research Association |
| *Association of Manufacturers of Domestic Electrical Appliances | *Electricity Council, the Central Electricity Generating Board and the Area Boards in England and Wales |
| Association of Mining Electrical and Mechanical Engineers | Electronic Engineering Association |
| *Association of Supervisory and Executive Engineers | *Engineering Equipment Users' Association |
| British Electrical and Allied Manufacturers' Association | *Institution of Electrical Engineers |
| British Electrotechnical Approvals Board for Household Equipment | Institution of Electrical and Electronics Technician Engineers |
| British Radio Equipment Manufacturers' Association | Lighting Industry Federation Limited |
| *British Railways Board | *Ministry of Defence |
| British Steel Corporation | National Inspection Council for Electrical Installation Contracting |
| Crown Agents for Oversea Governments and Administrations | *National Physical Laboratory (Department of Trade and Industry) |
| Department of Employment (HM Factory Inspectorate) | Oil Companies Materials Association |
| *Department of the Environment | *Post Office |
| *Department of Trade and Industry | South of Scotland Electricity Board |
| *Electric Cable Makers' Confederation | |
| *Electrical Contractors' Association | |

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

- | | |
|---|--|
| Aluminium Federation | Copper Development Association |
| Association of Public Passenger Transport Operators | Institute of Iron and Steel Wire Manufacturers |
| British Non-ferrous Metals Federation, High Conductivity Copper Group | London Transport Executive |
| British Plastics Federation | National Coal Board |
