

Guide to

**Calibration and setting-up of
the ultrasonic time of flight
diffraction (TOFD) technique
for the detection, location and
sizing of flaws**

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Welding Standards Policy Committee (WEE/-) to Technical Committee WEE/46, upon which the following bodies were represented:

- Aluminium Federation
- Associated Offices Technical Committee
- Association of Consulting Engineers
- BNF (Fulmer Materials Centre)
- British Airways
- British Chemical Engineering Contractors' Association
- British Coal Corporation
- British Institute of Non-destructive Testing
- British Non-Ferrous Metals Federation
- British Railways Board
- British Steel Industry
- Department of Trade and Industry (Namas Executive)
- Electricity Association
- Health and Safety Executive
- Institute of Physics
- Institute of Quality Assurance
- Light Metal Founders' Association
- Lloyds Register of Shipping
- Ministry of Defence
- National Radiological Protection Board
- Power Generation Contractors' Association (BEAMA Ltd.)
- Railway Industry Association of Great Britain
- Royal Society of Chemistry
- Society of British Aerospace Companies Limited
- Society of Motor Manufacturers and Traders Limited
- Steel Casting Research and Trade Association
- Welding Institute

This British Standard, having been prepared under the direction of the Welding Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 December 1993
