National foreword

This British Standard reproduces verbatim ISO 11074-4:1999 and implements it as the UK national standard.

The UK participation in its preparation was entrusted to Technical Committee EH/4, Soil quality, which has the responsibility to:

— aid enquirers to understand the text;

— present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;

— monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

BS 7755 is being published in a series of Parts subdivided into Sections and Subsections that will generally correspond to particular international standards. Other Parts of BS 7755 are, or will be, as follows.

Part 1 *Terminology and classification*
Part 2 *Sampling*
Part 3 *Chemical methods*
Part 4 *Biological methods*
Part 5 *Physical methods*

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This document comprises a front cover, an inside front cover, the ISO title page, pages ii to vi, pages 1 to 22, an inside back cover and a back cover.
