

LV and MV polymeric insulated cables for use by distribution and generation utilities —

**Part 4: Specification for distribution
cables with extruded insulation for
rated voltages of 11 kV and 33 kV —**

**Section 4.12: Single core 11 kV copper
foil sheath cables**

ICS 29.060.20

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee GEL/20, Electric cables, to Subcommittee GEL/20/2, Mains cables, 1 kV and above, upon which the following bodies were represented:

- Association of Consulting Engineers
- British Approvals Service for Cables
- British Cables Association
- British Plastics Federation
- Electricity Association
- ERA Technology Ltd.
- London Underground Ltd.
- UK Steel Association

This British Standard, having been prepared under the direction of the Electrotechnical Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 September 2001
