

Method of measurement of hydrogen permeation and the determination of hydrogen uptake and transport in metals by an electrochemical technique

ICS 77.060

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee ISE/NFE/8, Corrosion of metals and alloys, upon which the following bodies were represented:

- AEA Technology
- Aluminium Federation
- British Gas plc
- British Iron and Steel Producers Association
- British Non-Ferrous Metals Federation
- Department of Transport (Transport Research Laboratory)
- Electricity Association
- Institute of Corrosion
- Ministry of Defence
- Society of Chemical Industry
- Welding Institute

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 July 1997
