Copyright

Users of British Standards are reminded that copyright subsists in all BSI publications. No part of this publication may be reproduced in any form without the prior permission in writing of BSI. This does not preclude the free use, in the course of implementing the standard, of necessary details such as symbols and size, type, or grade designations. Enquiries by post should be addressed to the Publications Manager, British Standards Institution, Linford Wood, Milton Keynes MK14 6LE. The number for telephone enquiries is 01-837 8801 and for telex 23218.

Contract requirements

Attention is drawn to the fact that this British Standard does not purport to include all the necessary provisions of a contract.

Revision of British Standards

In order to keep abreast of progress in the industries concerned, British Standards are subject to periodical review. Suggestions for improvements will be recorded and in due course brought to the notice of the committees charged with the revision of the standards to which they refer.

British Standards are revised, when necessary, by the issue either of amendment slips or of revised editions. **It is important that users of British Standards should ascertain that they are in possession of the latest amendments or editions.** Full information on all BSI publications, numbering over 9000 will be found in the *BSI Catalogue*. This information is supplemented by details published each month in *BSI News* of new publications, revisions and amendments.

BSI News is available to Subscribing Members of the Institution. All other publications may be purchased direct from Sales Department. Enquiries concerning subscribing membership, which has considerable advantages, will be welcomed, and should be made to Subscriptions Department. Both departments are located at:

Linford Wood, Milton Keynes MK14 6LE (Telephone 0908 320033; Telex 825777).

The following BSI references relate to the work on this standard:
Committee reference RDE/5 Draft for comment 72/43777 DC

Co-operating organizations

The Road Engineering Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

- | | |
|--|--------------------------------------|
| *Asphalt and Coated Macadam Association | *Greater London Council |
| Association of Consulting Engineers | Institute of Petroleum |
| *British Quarrying and Slag Federation | Institute of Quarrying |
| *British Tar Industry Association | *Institution of Civil Engineers |
| *Cement and Concrete Association | *Institution of Highway Engineers |
| *Concrete Society (Design and Development Divisional Committee) | *Institution of Municipal Engineers |
| Contractors' Plant Association | Institution of Structural Engineers |
| *County Surveyors' Society | Ministry of Defence |
| *Department of the Environment | Refined Bitumen Association Limited |
| *Department of the Environment, Transport and Road Research Laboratory | Road Emulsion Association Limited |
| Federation of Civil Engineering Contractors | Road Surface Dressing Association |
| Federation of Manufacturers of Construction Equipment and Cranes | *Sand and Gravel Association Limited |
| | Society of Chemical Industry |

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of the British Standard:

Association of London Borough Engineers and Surveyors
Department of the Environment (Building Research Establishment)
Natural Environment Research Council—Institute of Geological Science
