

This British Standard, having been approved by the Rubber Industry Standards Committee, was published under the authority of the Executive Board on 15 October, 1973.

© British Standards Institution, 1973.

BS 903, first published June, 1940.

BS 903, first revision October, 1950.

First published as BS 903, Part A18, April, 1956

First revision of BS 903, Part A18, October, 1973.

ISBN: 0 580 07825 6

Copyright

Users of British Standards are reminded that copyright subsists in all BSI publications. No part of this publication may be reproduced in any form without the prior permission in writing of BSI. This does not preclude the free use, in the course of implementing the standard, of necessary details such as symbols and size, type or grade designations. Enquiries should be addressed to the BSI Secretariat.

Contract requirements

Attention is drawn to the fact that this British Standard does not purport to include all the necessary provisions of a contract.

Revision of British Standards

In order to keep abreast of progress in the industries concerned, British Standards are subject to periodical review. Suggestions for improvements will be recorded and in due course brought to the notice of the committees charged with the revision of the standards to which they refer.

British Standards are revised, when necessary, by the issue either of amendment slips or of revised editions. It is important that users of British Standards should ascertain that they are in possession of the latest amendments or editions. Full information on all BSI publications, numbering over 6000, will be found in the *British Standards Yearbook*. This information is supplemented by details published each month in *BSI News* of new publications, revisions and amendments.

BSI News is available to Subscribing Members of the Institution. All other publications may be purchased direct from Sales Department. Enquiries concerning subscribing membership, which has considerable advantages, will be welcomed, and should be made to Subscriptions Department. Both departments are located at:

101 Pentonville Road, London N1 9ND (Tel. 01-837 8801; Telex 23218).

Committee references RUC/10 and RUC/10/4. Draft for comment 71/55837

Co-operating organizations

The Rubber Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government department and scientific and industrial organizations:

*British Association of Synthetic Rubber Manufacturers
*British Rubber Manufacturers' Association Ltd.
Department of Trade and Industry
Institution of the Rubber Industry
*Natural Rubber Producers' Research Association

*Rubber and Plastics Research Association of Great Britain
Rubber Growers' Association
*Society of Motor Manufacturers and Traders Ltd.
Tyre Manufacturers' Conference Ltd.

The scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

British Railways Board
British Rubber and Resin Adhesive Manufacturers' Association
British Society of Rheology
Chemical Industries Association
Department of the Environment
Electrical Research Association
Institution of Mechanical Engineers
Institution of Mechanical Engineers (Automobile Division)
Institution of Municipal Engineers
Institution of Water Engineers

Ministry of Defence (Air Force Department)
Ministry of Defence (Army Department)
Ministry of Defence (Navy Department)
Ministry of Defence (Procurement Executive)
National College of Rubber Technology
National Physical Laboratory (Department of Trade and Industry)
Post Office
Royal Institute of Chemistry
