Secure storage units – Classification and methods of test for resistance to fire

Part 1: Data cabinets and data inserts

National foreword

This British Standard is the UK implementation of EN 1047-1:2019. It supersedes BS EN 1047-1:2005, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GW/2, Secure storage of cash, valuables and data media.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
