

Insulating refractory products —

Part 5: Determination of cold crushing strength

The European Standard EN 1094-5:1995 has the status of a
British Standard

ICS 81.080

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee RPI/1, Sampling and physical testing of refractory materials, upon which the following bodies were represented:

- British Ceramic Research Ltd.
- British Industrial Ceramic Manufacturers' Association
- British Metallurgical Plant Constructors' Association
- British Steel Industry
- British Vermiculite Association
- Refractories Association of Great Britain
- Refractories Contractors' Association
- Society of Glass Technology

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 December 1995
