

Advanced technical ceramics — Mechanical properties of ceramic composites at high temperature under inert atmosphere — Determination of flexural strength

The European Standard EN 12788:2005 has the status of a
British Standard

ICS 81.060.99

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 12788:2005. It supersedes DD ENV 12788:1998 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee RPI/13, Advanced technical ceramics.

A list of organizations represented on RPI/13 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 December 2006
