

**Harmonized system of quality
assessment for electronic components**

**Generic specification:
Fixed inductors for
electromagnetic
interference
suppression
(Inductors for which
safety tests are
required)**

The European Standard EN 138000:1996 has the status of a
British Standard

ICS 29.180; 33.100

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee EPL/40, Capacitors and resistors for electronic equipment, to Subcommittee EPL/40/1 Capacitors and EMI suppression components for electronic equipment, upon which the following bodies were represented:

- FEI (Federation of the Electronics Industry)
- Ministry of Defence
- National Supervising Inspectorate — BSI PC
- Society of British Aerospace Companies Ltd.

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 January 1997
