Intelligent transport systems - DATEX II data exchange specifications for traffic management and information

Part 7: Common data elements

National foreword

This British Standard is the UK implementation of EN 16157-7:2018. It supersedes DD CEN/TS 16157-1:2011, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/278, Intelligent transport systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
