

BSI Standards Publication

Space product assurance - High-reliability soldering for surface-mount and mixed technology

National foreword

This British Standard is the UK implementation of EN 16602-70-38:2019.

The UK participation in its preparation was entrusted to Technical Committee ACE/68, Space systems and operations.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
