**Safety and control devices
for burners and appliances
burning gaseous or liquid
fuels — Control functions
in electronic systems —
Temperature Control function**

National foreword

This British Standard is the UK implementation of EN 16830:2017.

The UK participation in its preparation was entrusted to Technical Committee GSE/22, Safety and control devices for gas and oil burners and gas burning appliances.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
