

Aluminium and aluminium alloys — Castings — Chemical composition and mechanical properties

ICS 77.150.10

National foreword

This British Standard is the UK implementation of EN 1706:2010. It supersedes BS EN 1706:1998 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee NFE/35, Light metals and their alloys.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 March 2010
