

BSI Standards Publication

Building Information Modelling — Level of Information Need

Part 1: Concepts and principles

National foreword

This British Standard is the UK implementation of EN 17412-1:2020.

The UK participation in its preparation was entrusted to Technical Committee B/555, Construction design, modelling and data exchange.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
