

BSI Standards Publication

**Valves and fittings for buildings and devices
to prevent pollution by backflow of potable
water — Polymer parts and housings under
internal pressure and without external loads**

National foreword

This British Standard is the UK implementation of EN 17962:2024.

The UK participation in its preparation was entrusted to Technical Committee B/504/-/14, Valves and fittings for buildings & devices to prevent pollution by backflow.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations
