

Non-domestic gas-fired overhead luminous radiant heaters —

Part 2: Rational use of energy

The European Standard EN 419-2:2006 has the status of a
British Standard

ICS 97.100.20

National foreword

This British Standard is the official English language version of EN 419-2:2006. Together with BS EN 416-2:2006, it supersedes DD ENV 1259-1:1994, DD ENV 1259-2:1996 and DD ENV 1259-3:1996 which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GSE/20, Non-domestic space heaters (Gas), which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
