Railway applications — Compatibility between rolling stock and train detection systems

Part 1: General

National foreword

This British Standard is the UK implementation of EN 50238-1:2019. It supersedes BS EN 50238-1:2003, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/9/1, Railway Electrotechnical Applications - Signalling and communications.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
