

BSI Standards Publication

**Railway applications —
Fixed installations — Electric
traction — Insulating synthetic
rope assemblies for support of
overhead contact lines**

National foreword

This British Standard is the UK implementation of EN 50345:2009. It supersedes BS EN 50345:2004 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee GEL/9, Railway electrotechnical applications, to Subcommittee GEL/9/3, Fixed equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
