

BSI Standards Publication

Railway applications — Technical parameters of train detection systems for the interoperability of the trans-European railway system

Part 1: Track circuits

National foreword

This British Standard is the UK implementation of EN 50617-1:2024. It supersedes BS EN 50617-1:2015, which will be withdrawn on 30 November 2027.

The UK participation in its preparation was entrusted to Technical Committee GEL/9/1, Railway Electrotechnical Applications - Signalling and communications.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.
