Fire detection and fire alarm systems

Part 29: Multi-sensor fire detectors — Point detectors using a combination of smoke and heat sensors

National foreword

This British Standard is the UK implementation of EN 54-29:2015.

The UK participation in its preparation was entrusted to Technical Committee FSH/12/2, Fire detectors.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
