Rotating electrical machines

Part 18-31: Functional evaluation of insulation systems — Test procedures for form-wound windings — Thermal evaluation and classification of insulation systems used in rotating machines

National foreword

This British Standard is the UK implementation of EN 60034-18-31:2012. It is identical to IEC 60034-18-31:2012. It supersedes BS EN 60034-18-31:1994 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/2, Rotating electrical machinery.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
