Rotating electrical machines

Part 27-3: Dielectric dissipation factor
measurement on stator winding insulation
of rotating electrical machines

National foreword

This British Standard is the UK implementation of EN 60034-27-3:2016. It is identical to IEC 60034-27-3:2015.

The UK participation in its preparation was entrusted to Technical Committee PEL/2, Rotating electrical machinery.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
