

BS EN 60512-20-3:2010

BSI Standards Publication

Connectors for electronic equipment — Tests and measurements

Part 20-3: Fire hazard tests — Test 20c:
Flammability, glow-wire

National foreword

This British Standard is the UK implementation of EN 60512-20-3:2010. It is identical to IEC 60512-20-3:2010. It supersedes Test 20c from BS 5772-9:1993, IEC 60512-9:1992, which will remain current until all the tests it contains have been revised.

The UK participation in its preparation was entrusted to Technical Committee EPL/48, Electromechanical components and mechanical structures for electronic equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
