Medical electrical equipment

Part 2-49: Particular requirements for the basic safety and essential performance of multifunction patient monitoring equipment

National foreword

This British Standard is the UK implementation of EN 60601-2-49:2015. It is identical to IEC 60601-2-49:2011. It supersedes BS EN 60601-2-49:2001, which will be withdrawn on 15 September 2018.

The UK participation in its preparation was entrusted by Technical Committee CH/62, Electrical Equipment in Medical Practice, to Subcommittee CH/62/4, Electromedical equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
