Electromagnetic compatibility (EMC)

Part 6-5: Generic standards - Immunity for equipment used in
power station and substation environment (IEC 61000-6-5:2015)

National foreword

This British Standard is the UK implementation of EN 61000-6-5:2015. It is identical to IEC 61000-6-5:2015, incorporating corrigendum December 2017.

The UK participation in its preparation was entrusted to Technical Committee GEL/210, EMC - Policy committee.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
