Fibre optic interconnecting devices and passive components — Basic test and measurement procedures

Part 2-19: Tests — Damp heat (steady state)

National foreword

This British Standard is the UK implementation of EN 61300-2-19:2013. It is identical to IEC 61300-2-19:2012, incorporating corrigendum March 2020. It supersedes BS EN 61300-2-19:2005, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/86/2, Fibre optic interconnecting devices and passive components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
