British Standards

National foreword

This British Standard is the UK implementation of EN 61400-25-4:2008. It is identical to IEC 61400-25-4:2008.

The UK participation in its preparation was entrusted to Technical Committee PEL/88, Wind turbines.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
