Incorporating corrigendum March 2013

BSI Standards Publication

Fibre optic interconnecting devices and passive components — Performance standard

Part 056-2: Single mode fibre pigtailed
style optical fuse for category C —
Controlled environment

National foreword

This British Standard is the UK implementation of EN 61753-056-2:2013. It is identical to IEC 61753-056-2:2012.

The UK participation in its preparation was entrusted by Technical Committee GEL/86, Fibre optics, to Subcommittee GEL/86/2, Fibre optic interconnecting devices and passive components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
