Superconductivity

Part 8: AC loss measurements —
Total AC loss measurement of round
superconducting wires exposed to
a transverse alternating magnetic
field at liquid helium temperature
by a pickup coil method

National foreword

This British Standard is the UK implementation of EN 61788-8:2010. It is identical to IEC 61788-8:2010. It supersedes BS EN 61788-8:2003 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee L/-/90, L/-/90 Super Conductivity.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
