Adjustable speed electrical power drive systems

Part 9-1: Ecodesign for power drive systems, motor starters, power electronics and their driven applications – General requirements for setting energy efficiency standards for power driven equipment using the extended product approach (EPA) and semi analytic model (SAM)

National foreword

This British Standard is the UK implementation of EN 61800-9-1:2017. It is identical to IEC 61800-9-1:2017. It supersedes BS EN 50598-1:2014, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/22, Power electronics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
