

BSI Standards Publication

Application integration at electric utilities — System interfaces for distribution management

Part 8: Interfaces for customer operations

National foreword

This British Standard is the UK implementation of EN 61968-8:2016. It is identical to IEC 61968-8:2015.

The UK participation in its preparation was entrusted to Technical Committee PEL/57, Power systems management and associated information exchange.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
