

Measurement methods for electromagnetic fields of household appliances and similar apparatus with regard to human exposure

ICS 17.220.20; 97.030

National foreword

This British Standard is the UK implementation of EN 62233:2008, incorporating corrigendum August 2008. It is derived by from IEC 62233:2005. It supersedes BS EN 50366:2003, which will be withdrawn on 1 December 2012.

The CENELEC common modifications have been implemented at the appropriate places in the text. The start and finish of each common modification is indicated in the text by tags [C] <C].

The UK participation in its preparation was entrusted to Technical Committee CPL/61, Safety of household and similar electrical appliances.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 May 2008
