High-voltage switchgear and controlgear

Part 212: Compact Equipment Assembly
for Distribution Substation (CEADS)

National foreword

This British Standard is the UK implementation of EN 62271-212:2017. It is identical to IEC 62271-212:2016. It supersedes BS EN 50532:2010 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee PEL/17, High voltage switchgear, controlgear and assemblies, to Subcommittee PEL/17/1, High-voltage switchgear and controlgear.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
