Optical circuit boards - Basic test and measurement procedures

Part 2: General guidance for definition of measurement conditions for optical characteristics of optical circuit boards (IEC 62496-2:2017)

National foreword

This British Standard is the UK implementation of EN 62496-2:2017. It is identical to IEC 62496-2:2017.

The UK participation in its preparation was entrusted to Technical Committee GEL/86, Fibre optics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
