Dielectric and resistive properties of solid insulating materials

Part 3-1: Determination of resistive properties (DC methods) — Volume resistance and volume resistivity — General method (IEC 62631-3-1:2016)

National foreword

This British Standard is the UK implementation of EN 62631-3-1:2016. It is identical to IEC 62631-3-1:2016. Together with BS EN 62631-1:2011 and BS EN 62631-3-2:2016, it supersedes BS 6233:1982 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/112, Evaluation and qualification of electrical insulating materials and systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
