Methods of test for masonry units

Part 21: Determination of water absorption of clay and calcium silicate masonry units by cold water absorption

National foreword

This British Standard is the UK implementation of EN 772-21:2011.

The UK participation in its preparation was entrusted to Technical Committee B/519/1, Masonry units.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
