

BSI Standards Publication

Small-bore connectors for liquids and gases in healthcare applications

Part 5: Connectors for limb cuff inflation applications

National foreword

This British Standard is the UK implementation of EN 80369-5:2016. It is identical to IEC 80369-5:2016.

The UK participation in its preparation was entrusted by Technical Committee CH/210, Quality management and corresponding general aspects for medical devices, to Subcommittee CH/210/5, Small Bore Connectors for Medical Devices.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
