Methods of test for ancillary components for masonry

Part 14: Determination of the initial shear strength between the prefabricated part of a composite lintel and the masonry above it

National foreword

This British Standard is the UK implementation of EN 846-14:2012.

The UK participation in its preparation was entrusted to Technical Committee B/519/3, Ancillary components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
