

Medical electrical equipment — Capnometers for use with humans — Particular requirements

The European Standard EN 864 : 1996 has the status of a
British Standard

ICS 11.040.10

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee CH/46, Lung ventilators and related equipment, upon which the following bodies were represented:

- Association of Anaesthetists of Great Britain and Ireland
- Association of British Health-care Industries
- Association of Paediatric Anaesthetists
- British Anaesthetic and Respiratory Equipment Manufacturers' Association
- British Paediatric Association
- Department of Health
- Electro Medical Trade Association Limited
- Institution of Mechanical Engineers
- Institution of Physics and Engineering in Medicine and Biology
- Intensive Care Society
- Safety Equipment Association

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 May 1997
