Safety of machinery — Ergonomics requirements for design of displays and control actuators

Part 4: Location and arrangement of
displays and control actuators

National foreword

This British Standard is the UK implementation of EN 894-4:2010.

The UK participation in its preparation was entrusted to Technical Committee PH/9, Applied ergonomics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
