Methods of test for dense shaped refractory products

Part 5: Determination of cold crushing strength

National foreword

This British Standard is the UK implementation of EN 993-5:2018. It supersedes BS EN 993-5:2000, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee RPI/1, Refractory products and materials.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
