

BSI Standards Publication

Plugs, fixed or portable socket-outlets and appliance inlets for industrial purposes

Part 1: General Requirements

National foreword

This British Standard is the UK implementation of EN IEC 60309-1:2022. It is identical to IEC 60309-1:2021, incorporating corrigendum May 2023. It supersedes BS EN 60309-1:1999+A2:2012, which will be withdrawn on 17 June 2025.

The UK participation in its preparation was entrusted to Technical Committee PEL/23/4, Protected type plugs and sockets.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.

This publication is provided as is, and is to be used at the recipient's own risk.

The recipient is advised to consider seeking professional guidance with respect to its use of this publication.

This publication is not intended to constitute a contract. Users are responsible for its correct application.
