

BSI Standards Publication

Test on gases evolved during combustion of materials from cables

Part 3: Measurement of low level of halogen content by ion chromatography

National foreword

This British Standard is the UK implementation of EN IEC 60754-3:2019. It is identical to IEC 60754-3:2018.

The UK participation in its preparation was entrusted to Technical Committee GEL/20/18, Electric Cables - Fire testing.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
