Radio-frequency connectors

Part 1-4: Electrical test methods — Voltage standing wave ratio, return loss and reflection coefficient

National foreword

This British Standard is the UK implementation of EN IEC 61169-1-4:2020. It is identical to IEC 61169-1-4:2020.

The UK participation in its preparation was entrusted to Technical Committee EPL/46, Cables, wires and waveguides, radio frequency connectors and accessories for communication and signalling.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
