

BSI Standards Publication

**Nuclear power plants — Instrumentation,
control and electrical power systems —
Requirements for static uninterruptible
DC and AC power supply systems**

National foreword

This British Standard is the UK implementation of EN IEC 61225:2020. It is identical to IEC 61225:2019. It supersedes BS IEC 61225:2019, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee NCE/8, Instrumentation, Control & Electrical Systems of Nuclear Facilities.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
