Determination of power losses in high-voltage direct current (HVDC) converter stations with line-commutated converters

National foreword

This British Standard is the UK implementation of EN IEC 61803:2020. It is identical to IEC 61803:2020. It supersedes BS EN 61803:1999+A2:2016, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/22, Power electronics.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
