

BSI Standards Publication

**Ultrasonics — Transducers — Definitions
and measurement methods regarding
focusing for the transmitted fields**

National foreword

This British Standard is the UK implementation of EN IEC 61828:2021. It is identical to IEC 61828:2020. It supersedes BS EN 61828:2002, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/87, Ultrasonics.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
